

Door County Land Information Office Geographic Information Systems (GIS) Data Set Policy

The *Door County Information Systems Committee* is responsible for determining which GIS Data Sets should be added to or removed from the Free GIS Data Sets List, and may add or remove GIS Data Sets to or from said list at its discretion and without notice of any kind. Criteria to be considered when determining which GIS Data Sets should be on the Free GIS Data Sets List include:

- The File Size should be 100 Megabytes or less;
- The Layer should be useful to a broad range of interests and have countywide coverage; and
- The Layer should have potential for frequent updates in a given year.

The following GIS Data Sets have been determined by the *Door County Information Systems Committee* to make up the initial Free GIS Data Sets List, and will be provided for free upon proper request in a zipped shapefile format using services provided by the *Door County Land Information Office*, and using technology and services provided by the *Door County Information Systems Department* (fees for provided media may apply):

- Addresspoints.zip (Door County Address Points);
- Countyzoning.zip (Door County Zoning);
- Doorparcels.zip (Door County Tax Parcels with table attributes);
- Roadcenterline.zip (Door County Road and Street centerline file); and
- Wards.zip (Door County Wards).

The *Door County Information Systems Committee* is also responsible for determining what fees should be charged to cover allowable reproduction costs for providing GIS Data Sets not available on the Free GIS Data Sets List. Fees are waived for educational requests (faculty and students of colleges or universities), for official Door County business, and where another entity is working on a project with or for Door County. Said fees are subject to change without notice of any kind, and are currently as follows:

- \$50 fee per CD of GIS Data Sets (or equivalent size of 700 MB);
- \$100 fee per DVD of GIS Data Sets (or equivalent size of 4.5 GB);
- \$2 media fee per CD and/or DVD provided;
- \$1 fee for mailing; and
- \$50 per Hour fee for creation of custom maps or other services.

A fully executed Distribution Agreement for Door County GIS Data (currently found on the Door County Land Information Office Website at <http://map.co.door.wi.us/gis-lio/home.htm>), along with any applicable fees (current/updated fees are also found on said website and are subject to change without any notice), must be delivered to the Door County Land Information Office prior to any GIS Data Sets being provided.
